LIST OF FIGURES

Figure		Page
2-1	Planning Districts Map	2-1
4-1	Sales and Pumpage History	4-1
4-2	Historical Per Capita Consumption	4-2
4-3	Annual Water Sales Projections	4-3
5-1	Existing Water System	5-1
5-2	Water System Schematic	5-2
6-1	Water System Pressures under Peak Hour Demand	6-1
6-2	Available Fire Flows under Maximum Day Demand	6-2
6-3	Low Availability Fire Flows under Maximum Day Demand	6-3
6-4	Historical Maximum Day Pumpage vs. Supply Capacity	6-4
6-5	Projected Maximum Day Pumpage vs. Supply Capacity	6-5
6-6	System Storage Requirements	6-6
6-7	Effective Standpipe Storage Volumes	6-7
6-8	Supply & Storage Needs	6-8
7-1	Recommended Additional Storage Volume	7-1
7-2	2025 Peak Hour Pressures	7-2
7-3	2025 Maximum Day Available Fire Flow	7-3
7-4	2025 Peak Hour Pressures with Combined Pressure Zone	7-4
7-5	2025 Maximum Day Available Fire Flow with Combined Pressure Zone	7-5
7-6	Recommended Supply / Storage Improvements	7-6
7-7	Future Water System Schematic	7-7
7-8	Recommended Water System Master Plan	7-8
8-1	Existing Sanitary Sewer System	8-1
8-2	Wastewater System Schematic	8-2
9-1	Capacity Level of Pipes under Existing Conditions	9-1
10-1	Improvements to Address Existing Deficiencies	10-1
10-2	Improvements to Meet Future Needs (North)	10-2
10-3	Improvements to Meet Future Needs (South)	10-3
10-4	New Trunk Sewer to Serve Region H	10-4
10-5	Interim Lift Station in Region H	10-5
10-6	Capacity Level of Pipes under Proposed Conditions	10-6
11-1	Study Area Storm Sewer System Map	11-1
11-2	South West Storm Sewer System Map	11-2
11-2	South Storm Sewer System Map	11-3

11-4 North Storm Sewer System Map 11-4

12-1 Hydrologic Watershed Boundary Plan 12-1
12-2 Watershed #900 12-2
12-3 Watershed #1000 12-3
12-4 Watershed #1400, 1900, 2000 12-4
12-5 Watershed #1500 12-5
12-6 Watershed #1600 12-6
12-7 Watershed #2300 12-7
12-8 Watershed #2500 12-8
12-9 Watershed #2600 12-9
12-10 Watershed #2700 12-10
12-11 Watershed #2800 12-11
12-12 Watershed #2900 12-12
12-13 Watershed #3000 12-13
12-14 Watershed #3100 12-14
12-15 Watershed #3200 12-15
12-16 Watershed #3600 12-16
12-17 Watershed #3900 12-17
12-18 Watershed #4000 12-18
12-18a Watershed #4002 ..... 12-18a
12-19 Watershed #4400 12-19
12-20 Watershed #5200 12-20
12-21 Watershed #6300 12-21
12-21a Watershed #6301 ..... 12-21a

13-1 Wellhead Protection Areas 13-1
13-2 Improved Natural Closed Depression 13-2

14-1 Comprehensive Utilities Master Plan 14-1
